A 20-MINUTE GRANT-RESEARCH SPRINT

Three matches → one decision

Review three potential funders. Finish with one source-backed next step.

Works with any research tool. For the person researching for one nonprofit.

Organization / research owner

Funding need / program in one sentence

People served / service geography

Project need / target ask

Before searching: use your actual mission, location and budget. Keep personal client/donor details out.

01 Funder ☐ Pursue ☐ Watch ☐ Pass

Source URL / date checked:

Current eligibility / approach rules:

Fit evidence / mission, geography, amount:

Next action / owner / due date:

02 Funder ☐ Pursue ☐ Watch ☐ Pass

Source URL / date checked:

Current eligibility / approach rules:

Fit evidence / mission, geography, amount:

Next action / owner / due date:

03 Funder ☐ Pursue ☐ Watch ☐ Pass

Source URL / date checked:

Current eligibility / approach rules:

Fit evidence / mission, geography, amount:

Next action / owner / due date:

Check the funder's current official guidelines before applying. Historical grants and AI matches do not establish eligibility or guarantee funding. For sponsored projects, verify how the funder treats fiscal sponsorship.

Optional tool: Bespoke Grants. One successful lifetime personalized search per account, up to three sourced matches, no card. Empty results and errors do not use the preview. Further searches and the full workflow: $19/month, billed monthly. Cancel anytime.

Prepared by Nate Dorka, founder of Bespoke Grants. No publisher or grantmaker endorsement implied.
